DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of species II (claims 37-46) in the reply filed on May 19, 2005 is acknowledged. The traversal is on the ground(s) that they are not mutually exclusive. This is not found persuasive because of two different details as illustrated in the requirement mailed on April 19, 2005. Therefore, claims 22-28 and 34-36 are withdrawn from further consideration on the merit. However, further restriction requirement mailed on August 9, 2005 is withdrawn due to allowance of generic claims. The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

2. Claims 37-46 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest the imaging optical system in which transmittance or reflectance thereof increases as the oscillation wavelength of the light source decreases as set forth in the claimed combination.

Conclusion

Art Unit: 2872

4. This application is in condition for allowance except for the following formal matters:

Claims are allowable except the presence of non-elected claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
